

# Vertical Flange Clip

Specialised Anchors

Tie wire eye

Gripping barbs

Purlin hook

## Description

The Ramset™ Vertical Flange Clip is a suspension anchor, designed for use with steel "C" Section purlins.

## Specification

<b>Material</b>	Pressed Steel
<b>Corrosion Protection</b>	Zinc Plating
<b>Head Style</b>	Purlin Hook
<b>Fixing Method</b>	In Place
<b>Setting Method</b>	Impact
<b>Anchoring Method</b>	Gravity/Clamping
<b>Hole Diameters</b>	3mm & 6mm
<b>Anchor Length</b>	42mm
<b>Purlin Guages</b>	1.6mm - 2.5mm
<b>Substrates</b>	Steel "C" Section Purlins

## Installation

1. Place the purlin hook profile over the vertical flange of the "C" purlin.
2. Tap into place with a hammer.
3. Connect drop wire or chains through the "eye" of the clip.

## Features & Benefits

- The Ramset™ Vertical Flange Clip features gripping barbs for a firm hold on the flange of the "C" purlin.
- For suspended ceilings, angle trim may be bolted through the larger hole using M6 bolts.
